

Newsletter

Hi All

Welcome to our inaugural newsletter. Firstly a huge thank you to you expressing an interest in the festival next year at the final Fylde Folk Festival. Like us we are sure that you all want to see the spirit of the festival continuing and we hope that we can live up to every ones expectations following the highly successful festivals that Alan created over the last 42 years. We are very grateful to Alan for the support that he is giving us and for the truly tremendous festival that he put together this year.

We are currently in negotiations with Wyre Council and are looking to use the Marine Hall as an event space for the festival next year, along with the other Fleetwood venues and Farmer Parrs. We are working on our ticket price and have a number of bands who are interested in playing at the festival. We hope that in our next newsletter we are able to confirm both the ticket price and a couple of the bands.

We look forward to seeing as many of you as possible at our up coming events and at the festival next year.

Kind regards

The New Fylde Folk 'n' Roots Festival Committee
